

# a moment of truth | كلمتنا

As Palestinian Christians we hope that this document will provide the turning point to focus the efforts of all peace-loving peoples in the world, especially our Christian sisters and brothers. We hope also that it will be welcomed positively and will receive strong support, as was the South Africa Kairos document launched in 1985, which, at that time proved to be a tool in the struggle against oppression and occupation. We believe that liberation from occupation is in the interest of all peoples in the region because the problem is not just a political one, but one in which human beings are destroyed.

We pray God to inspire us all, particularly our leaders and policy-makers, to find the way of justice and equality, and to realize that it is the only way that leads to the genuine peace we are seeking.
